## CHARDONNAY

2012 CENTRAL COAST

*As a taproot brings nourishment to the vine, so does a family to the heart. Growing and stretching, intertwining and connecting, it brings forth the richness of a life abundant.*

*At Taproot Vineyards, we embrace what matters most. Creating a heritage of fine California winemaking is our top priority, as is ending the day with sharing stories and a meal with loved ones.*

*Season after season and generation after generation, our goal is the same: craft quality wines that are worthy of the family table.*

### **Embrace What Matters Most**
